Cash for your school:

Community Cash for Schools is a program that helps area schools earn funds by collecting UPCs from Community products. These product UPCs can be redeemed for cash that each school can spend at its discretion. There are no stipulations on how the money is spent. Schools can choose to allocate the money toward new textbooks, computers or even events.

Now you can help give back to your school by using your new Coffee House card too. How?

1. Go to your local CC's Community Coffee House and ask for a Community Cash for Schools Card and load it (from \$5 up to \$250).
2. Register your card at www.mycocard.com and select your school's Cash for Schools code from the school listing*
3. Each time you use your card in the coffee houses, up to \$0.15** will be given back to your chosen school!

**It is important to remember the value of each UPC is dependant on the total number of UPCs received.
