

Dear Parent/Guardian,

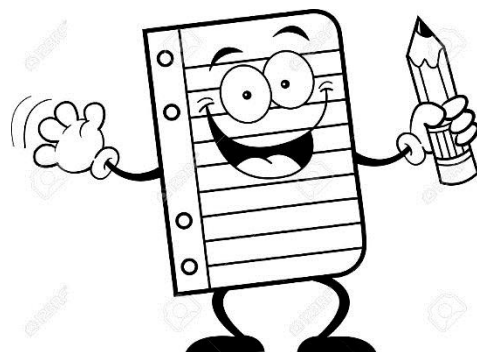

It's time to order summer workbooks!! Summer review keeps skills strong and increases students' self-confidence the following year. Summer workbooks take only 15-30 minutes three to four times a week over the summer, and provide an excellent review as well as a bit of challenge. Usually, the grade level just completed is ordered; however, please see below to determine what grade level would be most suitable for your child. **This year we are asking parents to order online and have the workbooks shipped straight to you.** For ordering information, please visit the website: www.summerskills.com.

Which book should you order for Summer Skills workbooks?

Language Arts: Grades 1-8- Order the current year- the year your student is completing. Honor students in grades 4-7 should order one year up- the grade the student will be in next year.

Math: Grades 1-6: order current year; Honors 4th and up: order one year up, 6th Honors: order the 8th grade workbook, 7th Honors: order the Pre-Algebra workbook, 8th Honors: order the Algebra workbook.

For the first time, we are expanding student/parent options. Next August, we will recognize any student who completes the Summer Skills workbook **or any other equivalent workbook**. Parents can choose to order from Summer Skills, buy a workbook from amazon.com or School Aids, or any other source. We will collect completed workbooks in August. Please be sure your child's name is written on the front cover along with next year's homeroom symbol. We will also recognize any student who earns the Summer Reading Certificate from the public library. Students should bring the certificate to school in August with a sticky note identifying their new homeroom. All certificates and workbooks will be returned after the students are presented with certificates!

Have a great summer, and keep learning!
